Summary

My experience has taught me that website design and content should represent the personality and mission of the client upon first perusal. However, it is up to me to ensure it is also informative, helpful, and easy to navigate.

Education

Clackamas Community College - 2019

Web Design & Development AAS - Graduated with 3.8 GPA

Work History

Graphic Designer, November 2020

Back Door Bakery

- Designed a logo for their bakery business

Graphic Designer, March 2019 – May 2020

Community Manager at Waterside Apartments

- Designed apartment floor plan using construction blueprints
 - Including proper branding and labels
